AT THE CAPITOL

REPUBLICAN CAUCUS ON THE FEDERAL ELECTION BILL.

SYNOPSIS OF THE VICIOUS MEASURE.

An Amalgamation of the Original Lodge and Rowell Bills.

AN INSTANCE OF BOSS REED'S METHODS

District Matters Under Consideration The Proposed Board of Education. Silver in the Senate.

The Scuate non-concurred in the House amondment to the bill to establish the customs collection district of

Poget Sound, and a conference asked. A message from the House was prosented, asking further conference on the Anti-Trust bill and assented to,

The House went into Committee of the Whole, Mr. Burrows in the chair, on the Sundry Civil Appropriation bill.

District in Congress. Representative Burton of the Judiclary Sub-Committee of the House District Committee to day sent a letter to the District Commissioners concern-ing the bill for the relief of James W. Walsh and others. "The claim," he says, "presents a very complicated history of transactions under contracts between the old Board of Public Works and certain contractors in 1872 and the following years." The committee wishes official information as to the validity of these claims. The amount involved in the bill is some \$120,000.

The District Commissioners have for warded a letter to the House District Committee in response to a request for their views upon the bill (H. R. 9551) to create a board of education for the District. They say that as far as their observation has extended they "are unable to see wherein the methods contemplated by this measure would better subserve the public-school interests than

the prevailing system." They add: schools in the District has proceeded thus far during their administration without embarrasament, or any indica-tion of popular dissatisfaction. If the further experience of the Commissioners with this department of the District Government should develop defects, which, in their judgment, require modification of the laws on the subject, they will communicate to Congress their views as to further legislation." The bill was introduced by Mr. Wilson of West Virginia, by request.
It provides for a board consisting of

three persons, at least one of whom shall be a woman, from each of the eight existing school districts of the District, the term of office to be three years, the terms of one-third to expire each year.

The Commissioners have sent a letter The Commissioners have sent a letter to the House District Committee concerning the bill (H. R. 9742) to Incorporate the East and West Washington Traction Italiway Company, in which they say: "This route is a destrable one for persons residing in or destring to visit Southeast Washington, but the opposition of persons residing on C. Fifteenth and M. streets and Vermont avenue is so general and carnest avenue is so general and carnest that the Commissioners are constrained to advise against the enactment of the The facorporators named in this bill are James G. Berret, Archibald M. Bliss, Hamilton Disston, George W. Boutwell, Albert W. Fletcher, Joseph Clark, Samuel Cross, T. A. Duffy, E. C. Carpenter, H. A. Linger and Will'am W. Repley.

Mr. Allen C. Clark, attorney at law has written a letter to General Grout asking him to call up when convenient the bill for the relief of the holders of certificates of the board of audit. declares that the relief sought is just and the amount involved small.

Mr. Evarts to-day reported to the Senate the bill (S. 3535) to increase the compensation of the assistants to the Attorney of the United States for the It was amended so as to make section 907 read as follows:

Section 907. He shall pay to his deputies or assistants not exceeding in all \$10,000 per anoun; also his clerk hire, not exceeding \$2,400 per anoun; office rent, fuel stationery, printing and other incidental expenses out of the fees of his office.

The Federal Election Bill. The Republicana of the House meet

in caucus to night to consider and act upon, if they can agree, the Federal Election bill, which has be a prepared by the caucus committee. The bill was introduced in the House

by Mr. Lodge last Saturday and printed to-day. It is an amalgamation of the original Lodge and Rowell bills, and centules most of the vicious features of

It extends the supervisory features of the present in a most radical man-ner. It provides for a supervision of registration as well as of election. The machinery of this system is to be set in sotion on the petition of 100 voters of a city or town having 20,000 inhabi-tants or upward, or of any Congres-sional district, no part of which is within such a city or town, or in any single county of a district on the peti-

The chief supervisor is to submit lists of names for appointment by the count as supervisor, such lists to contain at least twice as many names as super-visors to be appointed.

Elaborate provisions are adopted to obtain what the Republicans call a "free ballot and an honest count," and severe pains and penalties are denounced against any one who infringers on the law-if it ever becomes a law.

Silver in the Senate. It is not likely a vote will be reached In the Senate on silver to-day. Last week an attempt was made to have enough Republican Sen-ators sign a pledge to vote for the compromise till to ensure its pasage. It is claimed thirty-nine took the delige. This would mean the passage of the bill without the Senate being called upon to vote for a free coinage

On the other hand, it is claimed by the silver men that not enough Senators signed to ensure the desired object. Which is right will only be known certainly when the vote is taken, as the Sensiors who signed the written plesige

took a verbal pledge of secrecy.

The compromise bill will provide for the purchase of \$4,500,000 of silver a month, the certificates issued in pay-ment therefor to be redeemable in coln.

Another Blast from Blair, Mr. Blair introduced in the Senate to-day a joint resolution requesting the President to invite an international conference to meet in Washington with view to the formation of an internaa view to the formation of an interna-tional alliance for the suppression of slavery and the slave trade; of the traffic in intoxicating liquors, fire-arms and destructive substances with un-civilized peoples and to promote the establishment of schools of common knowledge, art and Industry among them; also to secure the disarmament of nations and the organization of in-

An Instance of Reed's Methods. The House Committee on Rules met this morning and decided to take up the Bankruptcy bill to-morrow. Debate will continue until Wednesday after-noon, when a vote will be taken.

An incident happened in relation to this meeting which shows Speaker Reed's autocratic methods. He sent word to Mr. Blount, a member of the committee, of the meeting. Be-fore Mr. Blount could get there he was met by "Joe" Cannon, who coolly told him what "the committee" had done and gave Blount permission to tell Mr. McMillin, the fifth member of the committee, about it.

Talk of the rights of minority! So far as this committee is concerned its chairman, the Speaker, doesn't seem to be aware that there is any minority.

District Man Appointed Consul, The President to-day sent to the Senate the nomination of Joseph E. Hayden of the District of Columbia to be U. S. Consul at Brestau and some Army promotions.

> Favoring the Transfer, Mr. Dawes introduced in the Senate

to-day a resolution of W. L. Rodman Post, No. 1, G. A. B., at New Bedford, Mass., favoring the transfer of the revenue cutter service to the Navy. A Room for Banks. Mr. Dawes presented to the Senate c-day a petition from the members of

Want the Monument. Mr. Turple to-day presented to the senate the resolution and memorial of the Republican Convention of the Ninth Indiana Congressional District in favor f erecting a monument at the Tippecance battle grounds.

Mr. Shriver's Secret Mission.

Mr. John S. Shriver, the genial and accomplished correspondent of the New York Mail and Espress, will leave Washington on Saturday, the 21st in-stant, for New York, whence he salls on the following Wednesday, the 25th. There is a rumor affoat that he goes on a mission for Colonel Ellfott F. Shepperd, the editor of the Mail and Express, and that he will visit Berila. If so, it is a tremendously secret mis-sion, for Mr. Shriver himself doesn't know what it is about. Doubtless he will sail with scaled fustructions, not to he opened until he is a thousand miles from land;

The Fairy Story Which a Correspondent Wrote About Mr. Bissell, Last Saturday T. A. Bissell of But. falo registered at Willard's. Soon the wires were hot with the intelligence. that Mr. Bissell, long the law partin the city; that while he would not accept office during his friend's term, he was now seeking an appointment as one of the appraisors to be ap-pointed under the Customs Administra tion law; that he was backed by ex President Cleveland and had a very strong letter of indorsement from him, and, finally, that President Harrison was very strongly incided towards Mr. Blusell and would probably appoint

Mr. T. A. Bissell is the superior falo. He had been at Foriress Mouros in attendance upon a meeting of the Master Car Builders' Association, and was on his way home. He smiled when he was told of the fairy tale which the slert and frepressible correspondent had built up about him. It was equal in its way to the finest and most clab-orate car built in his works. He admired it, and was amused by it.
